Career Objective

Motivated Computer Science undergraduate with knowledge of Java, Spring Boot, HTML, CSS, and JavaScript. Interested in software development and problem-solving, with hands-on experience in building web applications. Seeking an opportunity to apply technical skills, gain industry experience, and grow as a software developer.

Academic Qualifications

- **B.Tech (Computer Science and Engineering)** – Mohan Babu University, Tirupati (2027)
  CGPA: 8.40
- **Intermediate (MPC)** – Sri Chaitanya Junior College, Kurnool (2023)
  CGPA: 8.73
- **Secondary School Certificate (SSC)** – Saraswathi High School, Jammalamadugu (2021)
  CGPA: 9.2

Technical Skills

- Programming Languages: Java, Python, SQL
- Frameworks: Spring Boot
- Web Technologies: HTML, CSS, JavaScript
- Computer Science Fundamentals: Object-Oriented Programming, Data Structures and Algorithms, Operating Systems
- Development Tools: Git, GitHub, Visual Studio Code, Postman

Projects

Video Slot Booking Application GitHub Link

- Developed a web-based Video Slot Booking Application using Java, Spring Boot, HTML, CSS, and JavaScript.
- Designed an interactive user interface for viewing and booking available appointment slots.
- Implemented appointment scheduling and slot management functionalities to streamline the booking process.
- Integrated frontend and backend components to ensure smooth user interaction and data flow.
- Utilized Git and GitHub for version control and project management.
- Improved appointment management efficiency by providing an organized and user-friendly booking system.

K-Shopping – E-Commerce Website GitHub Link

- Developed a full-stack e-commerce web application for online product browsing and shopping.
- Built the backend using Spring Boot REST APIs and the frontend using HTML, CSS, and JavaScript.
- Implemented product management features and client-server communication.
- Designed a responsive user interface for seamless navigation and user experience.
- Integrated frontend components with REST APIs for dynamic data handling.
- Strengthened full-stack development and API integration skills through practical implementation.

Certificates

- Hackathon Participation Certificate – Top 20 Teams
- Full Stack Web Development Internship (May 2025 – July 2025)

Extra-Curricular Activities

- CSR-Project Conducted the baseline survey in backward villages based on the essential factors like health, sanitation, education, agriculture and gender equality.
